ARTIST'S IMPRESSION

# WELCOME HOME

BORN FROM THE ESSENCE OF CRAFTSMANSHIP, GLASS HAUS PAYS HOMAGE TO ITS HISTORY WHILE DELIVERING THE VERY BEST OF MODERN LIVING.

Built on the site of the original Peerless Glass factory that was synonymous with glass innovation in Melbourne. It was one of the first local manufacturers to offer glass products which utilised sandblasting and bending techniques.

Designed by the leading studio Point Architecture these residences are stunningly appointed with oversized kitchens and hotel style ensuites, complete with expansive living areas.

Glass Haus is moments from the world renowned High Street dining and entertainment precinct, close to parkland and provides easy access to the CBD with both tram and train connections moments from your door.

# TIME TO SHINE

Glass Haus embraces a modern take on Preston's industrial heritage surrounds, seamlessly blending the old and new to presents a bold architectural statement for today, tomorrow and into the future.

Future focused and carefully crafted, these homes are designed to promote a more sustainable way of living, enhancing the allure of this amenity-rich and coveted neighbourhood.

Exemplifying the very best of apartment living, these homes boast elegant minimalistic styling, quality fixtures and finishes and meticulously planned floor plans tailored to contemporary living standards, enhancing the allure of this amenity-rich and coveted neighbourhood.

# LANE WAY LIVING

Glass Haus residents will appreciate the convenience of the lane way car park entrance off Livingstone Parade, while west-facing residences enjoy views over GH Mott Reserve.

Ground-floor residences also feature private laneway entrances, while the west facing first-floor and east facing fourth floor homes boast expansive entertainer's terraces, perfect for indoor-outdoor living.

ARTIST'S IMPRESSION

# DESIGNED FOR LIVING

Elegantly crafted with timeless sophistication, these thoughtfully designed apartments prioritize abundant natural light and spaciousness, ensuring a seamless living experience that blends comfort, connectivity, and convenience.

# CUSTOM KITCHENS

A curated palette of warm textural finishes with a range of customisations that elevate your everyday, kitchens at Glass Haus are elegantly sophisticated - the perfect combination of functionality and form.

# GATHER, CREATE & INSPIRE

ARTIST'S IMPRESSION F

Kitchens are a place to come together and create. The kitchens at Glass Haus incorporate expansive areas for meal preparation and storage. They feature quality and energy efficient appliances, and sleek styling that provide the backdrop to effortless entertaining.

Quality Miele appliances along with quality surfaces that have been carefully chosen for their durability and longevity. Modern and sleek water efficient tapware, sleek benchtops and warm timber accents complete the picture of understated contemporary design.

ARTIST'S IMPRESSION

ARTIST'S IMPRESSION

# BREATHE EASY

Glass Haus residences are designed with an advanced self-contained ventilation system that channels air directly to the outdoors, bypassing internal ducts and complex roof ventilation. Allergens, and effective moisture control, which helps prevent mould and mildew.

This innovative HVAC system enhances indoor air quality by regulating humidity and optimizing fresh air circulation. The benefits include improved energy efficiency, reduced pollutants and allergens, and effective moisture control, which helps prevent mould and mildew.

# EXPANSIVE LIVING, ELEVATED VIEWS

Warm and inviting interiors are enhanced with generous outdoor spaces, many residences feature large private terraces that invite the outdoors in and deliver elevated entertaining options with captivating views.

# LIVING LIGHT

Your new home features large, light-filled living spaces with double-glazed full-height sliding doors that create a visual and physical link between the indoor and outdoor areas.

While a refined neutral palette provides the perfect backdrop for modern low maintenance living with a focus on high-quality finishes and designer details.

# HOTEL STYLE BATHROOMS

ARTIST'S IMPRESSION

# A PLACE TO RETREAT

With a choice of two unique colour schemes, the bathrooms and ensuites elegantly combine personal space and practical solutions, along with cleverly placed storage to ensure everyone has room to keep their belongings hidden from view.

Elegant benchtops combine with feature lighting and sleek water efficient tapware to create relaxing spaces that you'll appreciate everyday.

- 01. Brushed Nickel Tapware
- 02. Feature Orb Light
- 03. Matt White Porcelain Tiles
- 04. Wood look cabinetry

# UNRIVALED SANCTUARY

Offering ultimate comfort, the spacious, light-filled master bedrooms are fitted with built-in wardrobes and wool blend carpets, providing a secluded sanctuary nestled away from the bustle of the vibrant and cosmopolitan surrounds.

# NEXT LEVEL AMENITY

# SMART BUILDING SYSTEMS

Glass Haus will incorporate the latest technology to keep you safe and informed with smart building technology and integrated management systems.

## SECURE + SEAMLESS ACCESS

- ✓ Enter the building with just your registered smart phone.
- ✓ Enter the car park using the latest number plate recognition technology.
- ✓ Access lift remotely using your dedicated building app via your smartphone.

## CLICK AND COLLECT LOCKERS

- ✓ Hassle free parcel management using smart lockers.

## PAPERLESS SYSTEMS

- ✓ Access user manuals, train and tram timetables, body corporate policies and more directly from your phone.
- ✓ Upload and monitor your maintenance requests in real time.
- ✓ Stay up to date with social events and local news.

## MONITOR ENERGY USE

- ✓ Smart energy management system to monitor and optimise energy usage, reducing unnecessary waster and lowering costs.

# HOME AUTOMATION

Designed to make life easier, increase comfort and reduce costs by integrating your home's electronic products, Glass Haus residents have the option to upgrade at an additional cost to a range of solutions that can be customised to your needs for a more efficient, comfortable, and convenient lifestyle for years to come.

## SMART AUDIO

- ✓ High-resolution streaming speakers.

## VOICE CONTROL

- ✓ Enable connection with Alexa or Google Home, includes remote access through the building app.

## HOME SECURITY

- ✓ Remotely access video intercom systems and monitor access for better security.

## TEMPERATURE CONTROL

- ✓ Adjust the temperature before you get home and manage energy savings with smart insights.

## ACCESS CONTROL

- ✓ Various key-less entry options such as fingerprint scanning, keypad codes, fobs, and mobile credentials to allow a secure and hassle-free access experience.

## SMART LIGHTING

- ✓ Control lighting remotely for cost savings and convenience.

## BLIND CONTROL

- ✓ Remotely activate your blinds for all day comfort and thermal efficiency.

# NO CAR STACKERS, NO CAR LIFTS!

## EASY ACCESS, HASSLE FREE PARKING

At Glass Haus, parking is designed with your convenience in mind. Unlike many modern developments that rely on car stackers or lifts, our parking facilities offer traditional, easy-access spaces. No waiting, no complicated systems – just drive in and park, hassle-free.

With your own designated parking spot, you'll enjoy the peace of mind that comes with knowing your vehicle is always accessible. Whether you're heading out for the day or coming home after a long one, parking at Glass Haus is simple, secure, and stress-free.

Each residence also comes with its own dedicated storage space, providing extra room for those items you don't need every day but still want close by. Whether it's sporting gear, seasonal items, or personal belonging enjoy the peace of mind that comes with knowing your parking and storage needs are effortlessly taken care of at Glass Haus.

# SUPERIOR DATA SPEEDS

## IN TODAY’S WORLD, STAYING CONNECTED IS ESSENTIAL

Unlike typical apartment setups where a single fibre connection can slow down your speed, Glass Haus offers advanced fibre-optic technology with dedicated cabling on every level. This ensures a premium, stable connection without the frustration of buffering or lag.

Whether you're working from home or video chatting with friends abroad, you'll enjoy ultra-fast connectivity with Lightning Broadband – Australia's leading high-speed Internet provider.

Residents also benefit from the flexibility of a no lock-in contract, giving you the freedom to change or cancel your plan whenever you choose – no hidden fees, no surprises, just fast, reliable Internet.

### UPLOAD SPEEDS

ADSL	↑ 1 MBPS
NBN	↑ 40 MBPS
<b>LIGHTNING BROADBAND</b>	↑ 1000 MBPS*

### DOWNLOAD SPEEDS

ADSL	↓ 25 MBPS
NBN	↓ 100 MBPS
<b>LIGHTNING BROADBAND</b>	↓ 1000 MBPS*

Note: Comparison is with typical ADSL and NBN FTTN speeds

\* Actual speeds may vary and may be slower than the upload and download speeds shown due to multiple factors including but not limited to, type/source of content being downloaded, hardware and software configuration and performance, property layout and building materials, the number of users simultaneously using the network and performance of interconnecting infrastructure not operated by Lightning Broadband. Devices connected by Wi-Fi and Powerline Adaptors may experience slower speeds than those connected by Ethernet cable.

# A SOLID CONCRETE SUPER STRUCTURE

Glass Haus’s construction will be built around a re-enforced concrete superstructure. The building superstructure includes floors, roof, stairs, lift wells and load bearing walls.

## DURABILITY

Concrete is renowned for its strength and durability, making it ideal for withstanding various environmental and structural pressures. It can endure harsh weather conditions, seismic activity, and heavy loads over an extended period.

## NOISE REDUCTION

Concrete structures provide better sound insulation compared to lightweight materials. This is particularly advantageous in apartment buildings where minimizing noise between units is crucial for resident comfort and privacy.

## ENERGY EFFICIENCY

Concrete has excellent thermal mass properties, helping to regulate indoor temperatures by absorbing and releasing heat slowly. This can lead to lower energy consumption for heating and cooling, resulting in cost savings for residents.

## RESILIENCE TO ENVIRONMENTAL FACTORS

Concrete is resistant to corrosion, moisture, pests, and mold, reducing maintenance requirements and ensuring the structural integrity of the building over time.

## FIRE RESISTANCE

Concrete is inherently fire-resistant compared to other building materials like wood. This property enhances the safety of the building occupants and reduces the risk of fire-related damage.

# SUPERIOR ACOUSTIC PROPERTIES

From the inherent sound proofing properties of the concrete super structure to superior acoustic insulation that provides a 7 star NatHERS thermal performance your new home is designed to provide not only a quiet and peaceful environment but better insulation to reduce heat loss in winter and heat gain in summer.

## ACOUSTIC INSULATION

Double glazed windows and doors

Concrete super structure

Weather strips to all entry and exit doors

Precast concrete external walls with super foil board

Glasswool wall insulation

High performance closed-cell rigid floor insulation

# A BENCHMARK FOR SUSTAINABLE LIVING

GLASS HAUS IS UNDERPINNED BY AN INNOVATIVE DESIGN VISION, THOUGHTFULLY CRAFTED WITH SUSTAINABILITY AT THE FOREFRONT.

This commitment to environmental responsibility is evident through various features such as double glazing, concrete walls, and floors, limited gas usage for hot water services, rainwater harvesting, solar panels, and electric vehicle charging.

With these leading edge environmentally sustainable initiatives, Glass Haus is designed to cater to the needs of the future while prioritising a greener lifestyle.

8.8

STAR NATHERS RATING

ELECTRIC VEHICLE CHARGING

Dedicated EV charging for reduced environmental pollution and lower fuel expenses.

Scan the QR code to learn more about NatHERS ratings.

## SUSTAINABLE DESIGN

- ✓ Passive solar design to maximise sunlight and natural ventilation
- ✓ Improved indoor air quality with the use of non-toxic paint and low volatile organic compound (VOC) materials
- ✓ Durable and environmentally friendly materials and reduced construction waste
- ✓ External shading to west facing windows to reduce solar heat gains
- ✓ The building reduces contribution to landfill through a comprehensive waste management system

## WATER CONSERVATION

- ✓ Rainwater harvesting
- ✓ Water efficient tapware
- ✓ Low maintenance drought tolerant plantings
- ✓ Rain garden to treat stormwater runoff

## ENERGY SAVINGS

- ✓ Energy efficient appliances
- ✓ More efficient heating and cooling
- ✓ Energy efficient lighting
- ✓ External lighting controlled by time clocks and motion sensors
- ✓ Lower energy costs

## SOLAR PANELS

- ✓ Clean energy source
- ✓ Lower energy costs

## DOUBLE GLAZED WINDOWS

- ✓ More energy efficient
- ✓ Thermal comfort
- ✓ Lower energy costs

# GREEN TRANSPORT OPTIONS

Reducing your environmental footprint will be a breeze at Glass Haus, with tram access at your doorstep, nearby Preston & Bell Stations, and cafes, restaurants and services all located within walking distance.

89

## WALK SCORE

Very Walkable - Most errands can be accomplished on foot.

## PUBLIC TRANSPORT

- ✓ No. 86 Tram Stop on your doorstep
- ✓ 800m to Bell Station
- ✓ Close proximity to dedicated bike paths

The 86 Tram route stretches from the RMIT campus in Bundoora to Waterfront City in Docklands, via iconic Smith and Gertrude Streets in Fitzroy providing easy access to Rose Street Markets and a raft of live entertainment venues – a route so beloved it scored its very own Music Festival in 2023!

The newly completed Bell Station will have you in the City in under 25 minutes and while it's just a short walk away, you can also store your bike at the dedicated Parkiteer secure parking situated next to the station.

## CYCLING

- ✓ Shared E-bikes
- ✓ Secure bike storage
- ✓ Close proximity to dedicated bike paths

Fill your weekend with scenic bike rides or avoid congestion and parking charges by choosing to cycle and leave the car at home on your daily commute.

Darebin Creek Trail is just moments away and features stunning scenery, parks and connections to La Trobe university and the Capital City Trail.

# SOLAR SHARE

## UNLOCK CLEAN, AFFORDABLE ENERGY FROM YOUR ROOFTOP

Glass Haus residents can opt into solar energy access thanks to an Australian-made solar sharing technology.

Residents can directly access solar from the building's rooftop, which is shared fairly with other participants over the course of a month.

- ✓ Take advantage of ground breaking Australian-made technology that allows one rooftop solar installation to be shared by multiple apartments in the same building.
- ✓ Energy monitoring to see how much electricity you're using and how much solar is offsetting your bill
- ✓ Save up to 30% off your energy bills
- ✓ Every resident gets an even allocation of solar over the course of the month, delivered when it is needed the most.
- ✓ Reduce your carbon footprint

10

## ACCESS ONE OF THE 10 SOLSHARE

# THE BEST OF BOTH WORLDS

MAGNIFICENT NATURAL SCENERY AND  
ABUNDANT AMENITY

Located only 8 km north of Melbourne's CBD, Glass Haus offers desirable connectivity to the thriving city, while also moments from the peace of parkland's, wetlands and the iconic High Street eateries and entertainment.

# YOUR 20 MINUTE NEIGHBOURHOOD

This enviable locale delivers the very best of inner-city benefits. No matter what you want to do or where you want to go, it won't take long. At just 8 kms north of Melbourne's CBD, your new address offers great amenity, connections and easy access to the vibrancy of High Street's cafes and nightlife.

The iconic Preston Market, great coffee, eateries and bars, quirky fashions stores and a staggering choice of barbers are just a few of the local attractions. Discover an eclectic, diverse and evolving neighbourhood, all within an easy twenty minute walk or bike ride of your new home.

## WALK

-  1 minute to No. 86 Tram Stop
-  2-5 minutes to a number of cafés & eateries
-  3 minutes to GH Mott Reserve
-  8 minutes to Bell Street train station
-  10 minutes to Preston South Shopping Centre including Woolworths and Aldi

## BIKE

-  5 minutes to Preston Market
-  9 minutes to Darebin Creek Trail
-  10 minutes to Welcome to Thornbury
-  12 minutes Northcote Aquatic and Recreation Centre
-  20 minutes La Trobe university

# THE WORLD'S COOLEST STREET

HIGH STREET, MELBOURNE NAMED THE WORLD'S COOLEST STREET BY TIMEOUT IN 2024

High Street defies convention and sets a new standard for urban cool. From trendy cafes to indie boutiques, street art to community hubs, High Street is not just a street; it's a cultural phenomenon, a melting pot of diversity and innovation that beckons locals and visitors alike to explore its magnetic charm.

Vintage stores, chic cafes, a food truck park, and indie cinemas coexist harmoniously, making High Street a true melting pot of experiences. Whether you're craving authentic Portuguese tarts from Casa Nata, savouring local wines at Northside Wines, or seeking late-night vibes at Francesca's Bar, High Street delivers a true sense of community.

# AN ABUNDANCE OF CULINARY GEMS

Oliva Social

Preston is a haven for food lovers, no matter their taste or budget. Thanks to its diverse community, you'll discover Greek delis, Indian sweet shops, and countless noodle houses all in one neighbourhood. Weekends aren't complete without a trip to Preston Market, and if you don't find your craving there, the affordable eateries along High Street offer plenty of delicious options.

The cafe scene is bustling, with modern spots serving top-notch coffee and brunch. In recent years, Preston has also welcomed upscale restaurants offering dishes you'd expect to find in Flinders Lane. The area's vibrant nightlife includes cosy bars, local brewers, and winemakers, paired with live music and entertainment, ensuring there's something for everyone.

# INVEST IN PRESTON’S FUTURE

Preston is rapidly emerging as a dynamic suburb in Melbourne’s inner north, with strong population growth and increasing demand for property. Boasting excellent transport links, a vibrant community, and ongoing urban revitalization, Preston has become a prime location for both investors and residents alike. As property values and rental demand rise, investing in Preston offers a unique opportunity to be part of a flourishing community with a promising future.

## BELL STATION

OFFICIALLY RECOGNISED AS ONE  
OF THE WORLDS MOST STUNNING  
STATIONS

Preston’s Bell Station has earned a place among the world’s most beautiful passenger stations, joining renowned locations like Naples Centrale in Italy and Grand Central Terminal in New York, as recognized by the Prix Versailles.

This station’s design celebrates Preston’s rich heritage, drawing inspiration from post-war rooftops and local art. The facade creatively captures these influences, displaying a three-dimensional pattern inspired by iconic local roofscapes and accentuated with vibrant pink and purple glazing.

More than just visually impressive, Bell Station is thoughtfully designed to serve the modern commuter. It includes a spacious waiting area, elevated platforms with covered seating for weather protection, accessible lifts and stairs, and ample bike storage—encouraging sustainable travel choices.

# A VISION FOR PRESTON CENTRAL

The vision for Preston Central Major Activity Centre is to create an inviting, vibrant, and green destination that celebrates its rich heritage and evolves into a lively urban hub where people of all backgrounds can live, work, and play. Preston Central aims to become a thriving center for civic life, cultural events, shopping, and employment within Darebin and the northern metropolitan Melbourne area.

## A GREENER CENTRE

Illustration of High Street Precinct looking north near Town Hall prepared by Geoffrey Falk, 2022. Image courtesy of Darebin Council

- ✓ Integrate water sensitive urban design principles into streets and green links to provide for a cooler and more attractive urban centre.
- ✓ Ensure streetscape designs maximise tree canopy cover.
- ✓ Improve the growing conditions of flora by increasing sunlight access to streets and parks
- ✓ Establish an integrated transport network that reduces dependency on private vehicles, maximises access to public transport and encourages walking and cycling.

## A VIBRANT & WELCOMING CENTRE

Illustration of High Street Civic Precinct, prepared by Geoffrey Falk, 2022. Image courtesy of Darebin Council

- ✓ Preston Central is a focal point of cultural, civic, jobs and retail activity in Darebin and the north of Melbourne.
- ✓ Preston Central's precincts and experiences are spatially and relationally connected and integrated
- ✓ The Preston Central community continues to live its values of equality, sustainability, and fairness.
- ✓ Provide a diversity of employment opportunities, housing, creative, community, education and civic activities.

# KEY INVESTMENT INITIATIVES

\$3.1 BILLION

LEVEL CROSSING REMOVAL

Level crossings at Oakover, Bell, Cramer, and Murray Roads in Preston have been removed. Previously, 82,000 vehicles crossed these roads daily, with boom gates down for up to 40% of the morning peak. The new Bell and Preston stations are safer, more accessible, and feature upgraded facilities including a shared walking and cycling path connecting Oakover to Murray Road, with open spaces offering seating, play areas and BBQs.

\$26 BILLION

NORTH EAST LINK

The North East Link tunnels will take 15,000 trucks off local roads each day and reduce travel times by up to 35 minutes. Included in the project is a massive upgrade to the M80 Ring Road which will improve traffic flow with new lanes and up-to-date technology. More than 34km of walking and cycling paths, 40 bridges and crossings will link our city's north and east to Yarra River trails and parkland's.

\$63 MILLION

NORTHCOTE AQUATIC CENTRE

The newly redeveloped Northcote Aquatic and Recreation Centre (NARC) is a breathtaking, state of the art sustainable health and wellness hub. The centre now has three new indoor pools and one outdoor heated pool, an 800sqm gym, group fitness rooms, outdoor fitness training area, café and creche.

# WHY IS IT A GOOD TIME TO BUY?

A recent study by NAB has found that purchasing in many of Australia's inner city neighbourhoods has become more affordable than renting

With interest rates stable, rental prices rising, and established home values on the rise, apartments provide some of the best opportunities for Australians to buy or invest in.

With standout stamp duty savings now on offer from the government, \$10,000 grants for new home grants for first home buyers and interest rates projected to drop in 2025, Glass Haus is the perfect opportunity to get into the property market with a high quality, affordable home.

## WHY IS IT A GOOD TIME TO BUY?

✓ Interest rates are relatively stable and many believe the RBA will start to reduce interest rates later this year.

✓ Government incentives remain strong for first home buyers and off the plan purchasers, significantly reducing the upfront costs of becoming a new homeowner.

✓ Planning on staying for a while? People who live in one location for an extended period of time are better off buying than renting. It becomes increasingly cheaper to buy as the fixed costs are offset over a longer holding period.

Plenty Road

# SECURE YOUR FUTURE

Why buying off-the-plan at Glass Haus creates more security and certainty

## BUYING OFF-THE-PLAN

### YOUR DEPOSIT

- ✓

Your deposit is held in a secure trust account. If for any reason your home is not completed within the contracted timeline, your deposit is returned in full by the solicitor managing the trust fund.

### PRICING AND CONTRACTS

- ✓

Your contract of sale is with the project developer, who will then have a construction contract with their chosen builder. If for any reason the builder is unable to complete the project, then the developer holds the risk not you the purchaser. When you buy off-the-plan, you sign a fixed-price contract so you know exactly how much you are paying for the finished home.

### PROGRESS PAYMENTS

- ✓

No progress payments. You will only be required to pay for your new home once it is ready for you to move in.

## BUILDING A HOME

- ✗

You pay your deposit directly to your builder who utilises this money to ensure cash flow for their business. If your builder is unable to complete your home you can be at risk of losing your deposit and any further installment payments you may have made.

- ✗

Your contract is directly with your builder. This exposes you to a potentially one-sided contract with terms and conditions set out by your builder. Additionally, building a home can be subject to cost overruns due to unforeseen expenses or changes in material prices.

- ✗

You will be required to make progress payments throughout the build process, exposing you to incomplete and potentially defective works.

# BUYING VERSUS RENTING

# BUY YOUR PROPERTY WITH ZERO CASH DEPOSIT

This project is approved for purchase with a zero cash deposit.

## SECURE, SAFE AND COST EFFECTIVE

Downsizer offers a new, secure, and cost-effective way to buy your next property with zero cash deposit and without having to sell first.

## STREAMLINED PROCESS

Application is easy and the Downsizer Bond can be available in as little as 24hrs.

## NO HIDDEN FEES

There is a transaction fee of \$1,500+gst for all long-term bonds, payable by the purchaser.

There are no additional fees or charges and no interest applies.

## BENEFITS OF USING A DOWNSIZER BOND

- ✓ Stay in your current home until you are ready to sell or your new home settles.
- ✓ Keep your long-term investments in place to continue generating income until settlement.
- ✓ By using a Downsizer deposit bond you can continue to earn valuable interest on your savings while your off-the-plan property is under construction.
- ✓ You can use a Downsizer deposit bond to purchase an investment property, all you need is sufficient net equity to qualify.

This project is approved for purchase with a ZERO CASH DEPOSIT

## WHAT IS A DEPOSIT BOND?

A deposit bond is a safe, secure and cost-effective alternative to using a cash deposit when purchasing a home.

The bond acts as a guarantee of the deposit payment and can be issued based on the net equity in your current home, money in high-interest savings accounts, superannuation and more.

# TAILORED SPACES TO CALL YOUR OWN

The team at Glass Haus understand that your new home is an important milestone, and that you want to ensure that your home works for your lifestyle.

That's why we are open to bespoke customisations and floorplan changes. While many projects lock you in to a standard package and design, at Glass Haus we have a range of upgrades and a selection of finishes available, and are open to alterations that enhance your new home's livability.

# QUALITY YOU CAN RELY ON

At Glass Haus your new home comes with a 6-year structural guarantee, and an extended post-settlement defect liability period for the builders to resolve any unlikely defects that may arise, providing peace of mind along with a range of initiatives designed to ensure the highest quality including:

## STRUCTURAL DESIGN

Registered external engineers work closely with our team to monitor and manage the design throughout construction to ensure all works meet Australian Standards. A third party engineer reviews and provides certification of the design.

## MANDATORY INSPECTIONS

Inspections with building consultants and independent project engineers conducted regularly throughout all stages of construction.

## ESSENTIAL SERVICES

Independent certified inspections on all essential safety measures followed by a review by services engineer and the fire brigade along with final testing on completion.

## FIRE TESTING

Fire engineers complete extensive assessments of the building to ensure all fire resisting walls and junctions meets Australian Standards.

## PRE-SETTLEMENT DEFECT INSPECTIONS

Prior to each resident moving in and prior to settlement, each residence is thoroughly inspected by the builder, developer and architect to identify any items which require rectification prior to settlement.

## WATERPROOFING

Flood testing of waterproofing membrane and flashing inspections performed pre and post application to ensure membranes are watertight.

# A SHARED VISION

DISCOVER A NEW STANDARD OF EXCEPTIONAL LIVING, CRAFTED THROUGH A RARE COLLABORATION BETWEEN MELBOURNE'S LEADING MINDS IN ARCHITECTURE, DESIGN, AND RESIDENTIAL PROPERTY. STEP INTO AN EXTRAORDINARY VISION REALIZED BY A DREAM TEAM OF INDUSTRY INNOVATORS.

## ARCHITECTURE BY POINT ARCHITECTS

---

Point Architects is one of Melbourne's leading, multi-disciplined architectural practices creating design solutions that are both meaningful, practical and personal. For more than twenty years they have earned a strong reputation for delivering considered and innovative designs that blend form, function, and sustainability. With a focus on creating spaces that enhance the lives of residents, Point Architects approaches each project with a commitment to delivering both aesthetic appeal and practical livability.

At the heart of Point Architecture's philosophy is a deep understanding of the intersection between architecture, functionality, and human experience.

For the Glass Haus development, Point Architects has carefully considered the balance between light and livability. Every detail has been thoughtfully planned to create a seamless living experience that aligns with the needs of today's urban dwellers.

# LANDSCAPES BY JOHN PATRICK

Lynden Park, Camberwell

Melbourne Girls Grammar

Established in 1982, John Patrick Landscape Architects has carried out landscape design and management projects, covering everything from heritage sites to park master plans and residential projects. Headed by John Patrick himself, the firm conducts work both nationally and internationally. With a client list that includes some of Melbourne’s largest councils, as well as Parks Victoria, the University of Melbourne, Mirvac, Canberra’s Old Parliament House and Flemington Racecourse.

Drawing inspiration from nature and the plentiful parkland’s of the adjoining neighbourhoods they have created design for Glass Haus that connects the building to its verdant surroundings while providing generous garden sanctuaries in which to unwind and entertain.

# SALES BY BRICKS & MORTAR REAL ESTATE

Launched in 2020, Bricks & Mortar Real Estate provide an end-to-end service and specialise in off-the-plan sales.

With an endless passion for property and a background in structural engineering, principal Sahil Bhasin brings extensive building sector experience that is invaluable to the success of off-the-plan projects.

With a dedicated team of property professionals who understand that each person is different and their journey towards the purchase of their home is unique, the team establishes a comprehensive information suite for each project, featuring the latest technology and an extensive collection of samples. They use all available resources to answer any question new home buyers may have, bringing peace of mind and confidence to their potential investment.

Based in Fitzroy North, the Bricks & Mortar head office is carbon neutral and completely off-grid, and we hold clients to a similarly high standard and only work with developers that achieve a NatHERs efficiency rating of 7 or higher.
